

ROSE PARK PRIMARY SCHOOL

✓ Be Caring ✓ Be Respectful ✓ Be Honest ✓ Be Courageous

ANTI- HARASSMENT / BULLYING POLICY

Rationale:

Harassment can take many forms. It can be racist, verbal or non-verbal, emotional or physical abuse which persists. It also includes persistent exclusion and cyber bullying.

Policy Statement:

At Rose Park Primary School, we all have a responsibility to behave in a way that is consistent with our school Values. Harassment in any form is unacceptable. Clearly stated consequences and support structures exist in our school so that all members of the school community recognise that harassment will not be tolerated.

We have in place a whole school approach of common understandings, with a range of interventions, logical sequences, positive support strategies and grievance procedures, designed to address this issue.

All school community members (students, parents, staff and community members) have the right to feel safe, to teach and to learn in a harassment free environment. We strongly believe that this leads to improved student learning outcomes, student empowerment and co-operation.

To achieve this all community members must have a clear understanding of their role.

Operational Guidelines

Consequences

Generally the consequences for harassment or bullying will occur in the following sequence:

First incident

- a warning recorded by class teacher and referred to Principal or Deputy

Second incident

- recorded and filed by Principal or Deputy on EDSAS.
- Student spends time in Time out room
- Time out documentation goes home to parents - contact made with parents.

Third incident

- May lead to external suspension.
- May lead to a behaviour management plan being developed for the student between the Principal, the Reg. Behaviour Man. Coordinator, the student's parents and student.

If the incident is severe the warning and/or time out room may not apply, fast tracking to suspension.
